- A test is positive for COVID-19.
- She is starting to show symptoms of COVID-19.
- She had close contact with a person suffering from symptoms of COVID-19.
- The ARS declared her as a contact case

Note that the symptoms of COVID-19 are fever, cough, shortness of breath, fatigue, headache, runny nose (rhinitis), sore throat (pharyngitis), loss of taste or smell, a rash and / or discoloration of the fingers or toes and / or any other symptom that the World Health Organization may specify from time to time.

Outside the event site, each person must observe barrier gestures and social distancing rules (eg hygiene rules, hand washing, disinfectant wipes, personal protective equipment).

A decision of the Organizing Authority to exclude a person and / or deny him access to the site on the basis of an assessment that the person concerned is infected, is final and cannot be contested for any reason and instance.

Although this health protocol is designed to reduce the risk of transmission of the COVID-19 virus, everyone recognizes that it is not possible to eliminate this risk entirely. Everyone assumes the risk of disease and its consequences linked to COVID-19 following their participation or presence on the LA Pornichet Select event, and accepts (in their own name and in the names of the successors and / or beneficiaries) that the The Organizing Authority, and its employees, assume no responsibility for such disease and its consequences, unless it is proven that the disease is the result of willful misconduct on the part of the Organizing Authority.
