PRESENTATION OF THE 2024 CALENDAR

The 2024 calendar is officially presented during the Association, General Meeting in December 2023..

The A-level race of the year, Les Sables - Les Açores - Les Sables is not part of this process as it requires a full qualification and registrations are governed by article R-10.

It is the time to think about your program and pre-select the priority races according to your availability/wishes/needs.

PREFERENCES FORM

The form must be sent to **Classe Mini**. You just have to complete your information details and number the races you wish to enter in order of priority (priority 1 for the one you don't want to miss - **maximum 8 wishes**).

Sail number is compulsory

You cannot indicate the same level of priority for two different races even if they are in different areas

You cannot register as the skipper of a boat at least once in the year and be co-skipper on that same boat for an event you did not number on your preference form.

IMPORTANT

If you have not received any acknowledgement of receipt within 5 days after sending this form, contact the Classe Mini secretariat
