

Mini 1003 Europe

Builder and architect	Etienne Bertrand
Type	Vector 650, Mini 6.50 Series
Year	2020
Location	La Rochelle, France
Flag	Germany
Asking price	upon request
Seller and VAT	The boat is owned and for sale by Thiemo Huuk Sailing GmbH, Germany and VAT is not paid. An invoice showing the VAT or a "VAT-free" transaction is possible depending on the buyer.
Contact	thiemo@mini-1003.com +49 175 7454535 (WhatsApp or phone)

After spending the first 2.5 years in the Baltic Sea with her first owner, I moved Mini 1003 to La Rochelle, France in Q4/2023. The boat is participating in the Mini Transat 2025.

After her transport back to France (arrival approx. January 2026), she is looking for a new owner.

General

hull	3d core / grp / vinylester
deck	divinycell / grp / vinylester
hull	solid white
deck	solid white
Length overall	6.5m
Maximum beam	3.0m
Draft	1.6m
Displacement	990kg empty according to design specs
Keel	Fixed bulb keel, painted in red Nautix A4 T.Speed (2025)
Rudders	Double rudders, painted in red Nautix A4 T.Speed (2025)
Spars	AG+ aluminum mast and boom
Standing rigging	From 2020, in good condition; Forestay & V1 replaced in 2025 Blue wave velcro smart pins for rigging

Sails

- Mainsail, 3 reefs & 6 battens, white color, Gransegel, 2020, good condition
- Solent/Jib, SF HMT0 260 Cross Cut, reef and mini reef, white, 18m², All Purpose, 2025
- Solent/Jib, Black Lite Skin, membrane sail, 1 reef, black color, Gransegel, 2020, heavily used
- Storm jib, orange, Gransegel, 2020, perfect condition
- A2/Spi Max, Superkote 75, white color, 77m², All Purpose, 2025
- A2/Spi Max, Contender SK75, white color, Gransegel, 2020, good condition
- A3/Spi Medium, Contender SK90, white color, Gransegel, 2020, very good condition
- A5/Spi Small, Contender PL130, white color, Gransegel, 2020, almost never used
- Gennak/Code 0, CZ Polyester Tri Radial, 2nd clew point, 35m², Delta, very good condition
- Gennak/Code 0, D/P CZ Silver, Gransegel, 2020, good condition
- PROFURL furler for Gennak/Code 0
- Spare mainsail batten

Engine

- Epropulsion Evo electric outboard engine 2022
- Stainless steel bracket for quick removal, fits to Watt & Sea starboard bracket mount
- Epropulsion extension cable for battery
- Epropulsion remote controller with Bluetooth

Trailer

- Double axled BRENDERUP trailer with high cradle (2020), registered and insured in Germany
- Cradle/conformateur for Vector mounted on top of trailer, GRP improved with rubber to avoid scratches while craning the boat
- Last technical inspection in Germany, including cleaning and adjusting the breaks in 2023
- Certificate of Conformity (CoC) document
- Trailer lock
- Convertible ber for Cargo transport and chantier work

Hull

- Ceramic coating for maximum performance (2025)
 - o in case the new owner prefers a traditional antifouling, the gelcoat can be easily sanded/prepared for a new paint
- Area around keel, Nautix A4 T.Speed (2025)

Electronics

Very robust B&G electronics package. B&G and Furuno GP39 are connected to forward waypoint data to the B&G network.

- B&G H5000 Base Pack Hydra
- B&G H5000 Pilot Computer
- Raymarine type 2 linear electronic ram, M81131
- B&G H5000 Graphic Display (2x outside, 1x inside the boat)

- B&G Triton 2 Digital Display (1x for AIS)
- B&G H5000 Pilot Keypad
- B&G Precision-9 Compass
- B&G H5000 Barometric Pressure Sensor
- AIRMAR H2000 speed sensor PL Flush (2x sensors)
- AIRMAR DT800 depth sensor
- B&G RF25N Rudder Feedback sensor
- B&G H5000 Audible Alarm Module
- B&G ZG100 GPS antenna
- B&G WS310 Wind Pack (masthead sensor)
- B&G WR10 Remote kit
- B&G WR10 Wireless Remote
- FURUNO GP39 GPS
- Optimum Time start watch, yellow
- IP68 waterproof electric system with automatic fuses for each channel
- IP68 waterproof electric joint box for battery separation
- IP68 junction boxes for electricity at key locations
- 2x Solo sails waterproof 3-63 alarm clocks
- TP-Link TL-WR703N WIFI router for wireless configuring/calibrating of B&G H5000 system
- Carbon mounts for the displays installed inside the boat

Spares

- B&G WS310 Wind Pack (masthead sensor), new spare wind sensor
- MARETRON infrared spare wind sensor, with carbon mount for the back of the boat
- Spare autopilot, Raymarine TP32
 - o with 3D printed mount for cockpit and rudder
 - o can be operated autonomously with internal compass or with wind data from the B&G network
- Teltonika RUT950 WIFI router for 4G antenna (not allowed in races, currently not installed)
- Masthead 4G antenna (currently not installed)
- Shipmodul MiniPlex-3Wi-N2K NMEA 0183-2000 multiplexer (currently not installed)
- GPS antenna for Funuro and AIS

Energy

Very reliable and powerful energy setup allowing for heavy autopilot usage.

- CTEK battery monitor and shunt
- Batteries SUNBEAM 2x100A lithium batteries (2020), very good condition
- Energy supply CTEK M25 220V battery charger (2020)
- Watt & Sea hydrogenator
- Watt & Sea port and starboard bracket mounts
- Watt & Sea charge controller
- 2x 100W solar panels on carbon mounts (2025)
- 2x Foldable 62W solar panels, flying/mobile solar panels
- 3x SUNBEAM Moonray MPPT charge controllers with Bluetooth dongle

Spares

Unmounted, brand-new set of solar panels and MPPT for equip the deck of the Vector or to act as spares.

- 3x SUNBEAM Moonray MPPT charge controllers
- 3x SUNBEAM TOUGH 37x53cm solar panels
- 15x SUNBEAM TOUGH 21w 15x85cm solar panels
- Many MC4 cables and extenders

Safety and security

- True Heading Graphene AIS transponder
- B&G VHF V60 DSC AIS-RX, mounted outside for good audio in the cockpit
- B&G VHF H60 remote, mobile controller for VHF can be used in- and outside, can act as a mobile/backup AIS display
- ICOM ICM930 handheld VHF, GPS function is not working
- Masthead stainless VHF antenna
- Masthead lantern (plus spare lantern)
- Spare lanterns installed at the balcony, powered via main 12V network
- Spare lantern, battery powered, in case of an energy problem
- WINDEX in masthead (plus spare WINDEX parts)
- OCEANsignal EPIRB (expiry date 01/2030)
- VIKING RESCYOU PRO 4p life raft, self-righting (serviced until 09/2026)
- Viking immersion suit/TPS (last serviced 09/2023)
- DanBouy IOR telescopic bouy with SOLAS reflector and floating line
- SILVA backlit lightweight compass
- Emergency wooden plugs
- 2 Bilge pumps, inside and outside operation
- Hand bailer
- BALTIC Lifebouy, with SOLAS reflectors, whistle, small sea anchor
- Floating rescue line
- SeaCurity inflatable recovery sling with floating rescue line
- Sea anchor
- 1x lightweight anchor in aluminum with rope and chain
- Fire extinguisher
- Foghorn
- Radar reflector
- Wire cutter and saw
- Many more safety items e.g. for the survival bag

Deck Hardware and Ropes

High-level overview of main hardware.

- Ropes renewed in 2025
- 3x ANTAL XT30 2-speed winches
- 3x ANTAL speedylock winch handles 250mm
- 10x COUSIN constrictor clutches 6/8mm
- Karver KJ3 camcleat
- Allen A77 camcleat
- Antal V-CAM 611 clutches for backstays
- HARKEN mainsheet track and traveler
- 6x OCEANS OUTILS rope bags

- 2x OCEANS OUTILS winch handle bags
- Spinlock asymmetric tiller, 90cm, DIABOLO joint
- Solent 3D adjustment

Spares

- Large set of spare parts incl. constrictor kits

Docking

- Many flat fenders with rope and inflatable fenders with rope

Others

- 2x complete outriggers sets (new, never installed)
- 2x rudder arm spares (new)
- 1x spare rudder, including Inox mounts
- Boom sail cover, black (2020), good condition
- Sail bags for all sails, good condition
- Stacking nets/matossage on port/starboard side and in front. Port/starboard system with low friction rings for quick lift/drop.
- Stacking nets/matossage in the back of the boat to keep water bidons on the rail
- 10L and 20L water canisters/bidons, in total >>140L
- 10L water canister for emergency, with SOLAS reflector and rope/hook
- Locking chain with 2x ABUS padlocks for main hatch
- Paddle with docking hook and hook to clean the rudders
- Single-point lift rope and Dyneema ropes for the back to adjust inclination while craning the boat with mast
- Through-deck adapter for Single-point lift from RUTGERSON
- Tools Loos & Co PT-2M rig tension meter
- ZARGES aluminum ladder, extremely good quality
- ADRENA mini logger
- Plastic Sextant

Spares

- Spare Spi pole/bout dehors
- Masthead lantern
- Fork for the spi pole (repaired)
- Large number of spare items, ropes, deck hardware, etc.
