

For Sale – Mini 438 “Base Camp”

The Mini 438 “Base Camp” will be available for sale starting in August. The boat is in good condition and last raced in 2025 in Category B events.

Asking price: €27,600

Included in the sale:

- Inventory list bellow
- **Equipment for repairs, tools, and spare parts**
A **3 × 1 m storage space (garage)** is currently rented less than one minute's walk from the boat harbor.

The storage space contains a comprehensive collection of tools, equipment, spare parts, and materials required for boat maintenance and repairs. Over the years, I have carried out the vast majority of repairs and improvement projects on the boat myself, and virtually everything needed to perform these works is already available in the garage.

While there is no detailed inventory list available for the contents of the storage space, interested buyers are very welcome to inspect everything in person. I will be in Genoa in July and can arrange a viewing of both the boat and the storage space upon request.

This is a valuable addition for anyone planning to maintain and upgrade the boat, as it provides immediate access to a well-equipped workshop and a large stock of useful spare parts and supplies.

Race results:

2005	Transat 6.50 Charente Maritime Bahia		1. Place
2005	Transgascogne Solo		1. Place
2005	Mini Fastnet		1. Place
