## WHAT'S THE USE?

---

The system of registration with order of preferences aims at anticipating/organising the possible waiting lists when registrations open for B, C and D level races and giving everyone the same chance to enter any race (reardless of geographical situation).

## THE DATES

---

- Presentation of the 2022 races program Dec. 2021

---
- Publication of the preferences form on the Classe Mini website Jan. 7 2022

---
- Deadline for Notices of Race / Entry forms publication (Organizers) Jan. 28 2022

---
- Official opening for the registrations (D Day) Feb. 11 2022

---
- Deadline to send the Order of preferences form Feb. 11 2022

---
- Publication of provisory entry lists Feb. 19 2022

---
- Publication of definitive entry lists Feb. 25 2022

## PRESENTATION OF THE 2022 RACES PROGRAM

---

The 2022 races program is officially presented during the Association General Assembly in December 2021.

The 1-level race of the year, Les Sables - Les Açores - Les Sables is not part of this process as it requires a full qualification (800 nm in races and a 1000 nm single-handed course) and its registrations are governed by Article R-10.

It is the time to think about your program and pre-select the priority races according to your availability and your wishes..

## PREFERENCES FORM

The form must be sent to **Classe Mini**. You just have to complete your information details and number the races you wish to enter in order or priority (priority number 1 for the one you don't want to miss).

Boat's number is compulsory

You cannot indicate the same level of priority for two different races event if they are in different areas.

You cannot register as the skipper of a boat at least once in the yeat and be co-skipper on that same boat for an event you did not number on your preference form.

If you have not received any acknowledgement of receipt within 5 days after sending this form, contact the Classe Mini secretariat.

**The preferences form does not act as a registration.** You must also enter the races (no later that the official opening day of registrations for your order of preferences to be taken into account).

\*Niveau de Compétitivité de France (niveau de Large en Septembre 2021) / Skipper of the 2021 CRCLL

Registrations are to be made with **each organizer**.

A **valid** registration consists of:

- AND** - completed entry form (**with boat's number**)  
- paid entry fees (or administrative fees according to the NoR)

Notices of Races and Entry forms are available on Classe Mini website on **January 28 2022** at the later.

It is therefore possible to register from this date.

Official opening day of registrations, called D-Day, is **February 11 2022**, which means that:

- any registration **made this day or before** is considered on that date,
- the preferences form will only be taken into account for **registrations considered on that date**.

It is entirely possible to register after February 11, in which case registrations are recorded in chronological order, regardless of the order of preferences.

**OPENING OF  
REGISTRATIONS !**

## PUBLICATIONS

**First entry lists** established according to the orders of preference are published on both Classe Mini's and the races' websites on **February 19 2022**.

You have one week to check that your place on these lists is consistent with your registrations/order of preference. If any doubt, contact the Classe Mini.

**Definitive lists** are published on **February 25 2022**.

## IN BRIEF

This system of preference is not an obligation in itself but is practically essential to not be on the waiting lists for the races.

Besides, in order to avoid endless waiting lists and finally see races that are not full at the start, it is important to register only for races that you really plan to participate in.

*Reminder: if you do not come to a race in which you are registered without advising the organizer, you will automatically be relegated to the end of the waiting list of the next race you have entered (see Art. R-14 of the 2021 Guide Mini).*
